## 2. New features & improvements

### 2.1. Dashboard tabs more visible

New design of the 2 dashboard tabs “my patients” and “Patients of ...” to be more visible.

### 2.2. First name et last name in dashboard

The first and last name of the patient is now available in the dashboard list as well as in the details of a request.

### 2.3. Redirection page

When a request is completed (test request, analysis, result) the user is automatically redirected to the page he was on at the start of the action.
